UN326G

Electronic pattern sewing machine

Features

1. It use Programmable presser foot.
2. This machine will improve sewing quality.
3. The disconnection holding device is easy to operate.
4. It has low power consumption, high speed, high efficiency.
5. The pattern editing will be quick and easy.
6. It strengthen the needle penetration.
7. The whole machine mainly adopts THK rail, Imported belts, NSK bearings and Japanese rotary hook.

INFORMATION

Technical Specfication

Model	JK311G	JK326G	JK342G
Working area	130mmx100mm	220mmx100mm	300mmx200mm
Stitch pattern	Single-needle flat seam		
Maximum sewing speed	2700rpm		
Needle pitch	0.05-12.7mm		
Maximum gauge	20,000 needles(including increased 20,000 needles)		
Presser lifting Amount	Maximum 30mm		
Rotating shuttle	Double rotating shuttle		
Data storage Mode	USB memory card		
Motor	AC servo motor 550W		
Power	Single-phase 220V		
Packing size	1220x820x1280mm	1220x840x1320mm	1220x1080x1330mm
Weight(G.W/N.W)	160/120kgs	183/139kgs	244/206kgs
